ATTENTION ALL OUR VALUED DONORS & CORPORATE PARTNERS!

St Francis Care Centre would like to recognise and celebrate the companies and organisations that have supported us through donations and contributions over the past three years.

If your company has made a donation to our Centre within the last three years and your logo is not yet displayed on our website's home page, we would love to hear from you!

Please contact the Centre and ask to speak to Melissa regarding having your company's logo featured on our website as a token of appreciation for your support and generosity.

We are proud of the partnerships we have built and grateful to organisations such as FedEx and Boksburg Advertiser, who continue to walk hand in hand with us in making a difference.

Your support means more than words can express, and we want to ensure that your contribution and commitment to our Centre receive the recognition they deserve.

Thank you for being part of the St Francis Care Centre journey. Together, we make a difference!
